

## After School Personal Transport Permission 2018/19

Dear Parents,

As requested by students I am going to make my vehicle available for transportation to film related events after school. I only have 4 open spots in my car but I am comfortable making them available to kids who would like to attend film festivals or round tables. In most cases these are just rides TO the venue. You will have to come and get them after said event. This is due mostly to the fact that I will probably be staying MUCH longer than your student would like to. Not to mention that I live in west Richardson.

This is utterly and completely in an unofficial capacity and is in no way associated with Garland High School or GISD. That being said, I am a teetotaler and thus never drink alcohol. Your child is as safe with me driving as they would be would you. My car is a 2018 Honda Civic Hatchback and has a five-star crash rating. Everyone will be wearing their seat belts before the car starts moving and cruise control will be set at the speed limit while they are with me. These are all the things I can reasonably do to protect your child while they are in my care but I am not magic so there are inherent risks involved to driving with anyone, anywhere, with any vehicle.

If you are comfortable with all I have said then I am comfortable helping your student get to where they need to go. Please sign below to indicate that I have your permission to drive your student and that you understand the inherent risks to being a passenger in a car.

Printed Name of Student: \_\_\_\_\_

Printed Name of Guardian: \_\_\_\_\_

Guardian Signature: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Secondary Emergency Contact: (Name) \_\_\_\_\_

(Number) \_\_\_\_\_

Preferred Hospital: \_\_\_\_\_

Any Medical Conditions I should be aware of? Like anemia or asthma etc? Please list them all.
