**2022-23 Class Film Permission Sheet

Dear Parents/Guardians,

As students of film study, your students will be asked to watch a variety of films that are recognized as being works of art valued worldwide. As the rating system for film as we know it is not applied worldwide and was not always used in our country, some of the selections contain language, subject matter or visual images that are intended for mature audiences. I believe that my students have acquired an intellectual maturity at this point in their education that allows them to maintain their composure during the screening of these films. In my many years in this program, I have never had any reason to believe otherwise.

Each film has been selected for the grade level of the students screening the film. Though specific film titles are listed on the syllabus this does not limit or guarantee the films to be screened. If you feel your child or you will have any problems with the screening of any of these films, please know that I will listen and respect any concerns. However, I believe that the selections of these films will prepare your students well for their IB testing at the end of their senior year.

Signing below insures your intended cooperation and understanding of the above. Until form is returned, your student will not be able to screen a single film in this class. Refusal to sign will force me to move your son or daughter to a different elective.

**2022-23 Class Equipment Use Release Form

Dear Parents/Guardians,

Our film equipment is rented without cost to your student, but late fees are assessed for equipment returned late. We assess a fee because we need the equipment returned in a timely manner to be able to rent to other students. We do not have enough equipment for every student, so adhering to the policy and returning the equipment in a timely manner is critical to the program. Each piece of equipment carries a one dollar per day late fee. If a student rents 5 pieces which is the usual number to do a shoot, at $5 per day it adds up quickly. Unfortunately, this has happened several times in the past causing record amounts due from the students and equipment that was not available to other students. We are using this form to solicit help from you to stop this from happening.

- **Equipment Available for Checkout**
  - **Film 1:** Cameras and Tripods
  - **Film 2:** Above equipment plus sound equipment, lighting equipment, a green screen, slider, shoulder mounts and dollies
  - **Film 3-4:** Above equipment plus individual camera lens.
- **Checking Out Equipment**
  - Student signs a library type card assuming responsibility for each piece of equipment checked out.
  - **Film 1**—One Day Checkout
  - **Film 2,3,4**—One Week Checkout
  - **NEVER leave inside of a car, ALWAYS put it in the trunk**
  - Very important to care for equipment while in use and report any problems when returning
  - **Equipment is not cheap! It is important students and parents talk about responsibility**
- **RETURN POLICY**
  - $1 late fee each day equipment not returned. We need it back so others can check it out!
  - Any items missing, i.e. lens cap, SD card, if not found and returned the student will owe for the cost of replacement. **Missing items makes the equipment not rentable!**

The computer room is opened after school when scheduled with faculty. Faculty MUST be on campus to use the room. So plan ahead!
